

PRESS RELEASE

The Board of Directors of the A-K Valley Federal Credit Union announced today it will permanently close the branch office located at 7249 Frankstown Road in the Homewood section of Pittsburgh. It is with saddened hearts and much discussion that this decision was made. The reason for the closing is our concern for the safety of our employees and the members who use the credit union.

This branch has been robbed 4 times with assault rifles and on New Year's Day it was burglarized. The Homewood section of Pittsburgh is a high crime area and the Board feels it is no longer safe to have a branch of a financial institution in that area.

The members are being instructed to use shared service centers in the Pittsburgh area, or they can use the credit union branches in Natrona Heights or Lower Burrell.
